

ECONOMICS

STAFF CONTACT:

Mr Peter Imeson:
pimeson@farmors.gloucs.sch.uk

COURSE CONTENT:

In Economics you will study how the economy works and how individuals, businesses and governments make decisions. You will cover a range of topics of real-world importance including unemployment, inflation, poverty, trade and pollution. There are four broad themes covered over the two years which are markets and market failures, the UK economy, business behaviour and the labour market and finally global and international economics.
