Yr11 Design and Technology – Graphic Products – Study Interventions

The Graphics Products GCSE is awarded through completion of a Controlled Assessment and a 2hour exam which will take place on 21 June 2016. The Controlled Assessment is worth 60% of the overall GCSE grade and the exam the remaining 40%.

You may know Mr Quant has been sharing the teaching of the class since the start of the year. As the final deadline for the Controlled Assessment is 14 March 16 he would like to offer students additional time to that already timetabled at school. Your child is invited to attend a Controlled Assessment catch up class during the half term break on Wednesday 17 February 16 between 9am and 3pm.

This intervention is in addition to students being welcome to work in the D&T department each lunchtime and after school on Thursdays.

Should you have any questions please feel free to contact the DT department.

B Quant

Design and technology Teacher
